

## EDUCATION

### Singapore Polytechnic

Diploma In Information Technology  
April 2023-April 2026

### Yangon Technological University

Bachelor of Computer Engineering  
May 2017-2020  
Unfinished , due to political issues in Myanmar, I dropped out.

## TECHNICAL SKILLS

### FRONTEND TECHNOLOGIES

- React/Redux
- Next.js (App Router)
- HTML/CSS
- Vue
- TailwindCSS
- JavaScript (ES6+) / TypeScript
- Responsive Design

### BACKEND & APIS

- Nodejs/Expressjs
- Laravel (PHP)
- Java (OOP)
- FastAPI (Python)
- Resful APIs / GraphQL
- JSON Web Tokens (JWT)

### DATABASES & STORAGE

- MongoDB
- PostgreSQL
- SQLite
- NoSQL/SQL Data Modeling

### DEVOPS & METHODOLOGY

- Unit Testing(Jest), UI Testing
- LLM Agents & Workflow
- Github Actions
- CI/CD pipelines
- Agile/Scrum

# NAY HTET AUNG

### <https://v2-nha-portfolio.vercel.app/>

Analytical Full-Stack Software Engineer and Singapore Polytechnic IT graduate with a strong track record of designing, constructing, and deploying scalable full-stack JavaScript applications. Highly proficient in the modern MERN ecosystem, specializing in React.js, Node.js, Express.js, and secure RESTful API development. Experienced in implementing automated testing suites (Jest) and managing state via Redux and TypeScript. Proven reliability collaborating in Agile, tool-driven environments (Git, Jira, CI/CD concepts) during a 10-month enterprise engineering internship, with a strong commitment to clean architecture patterns and cloud-ready systems.

## IT PROJECTS

### See more in my portfolio website

#### Foody Website

Link - <https://github.com/Oliver nha/oliver-food-app>

- Developed a full-stack website to showcase practising nextjs using with App router.
- HTML,CSS , Git ,React , Nextjs
- Database For better-sqlite

#### Save The Project Themed Website

Demo - <https://fed-ca2-nha.netlify.app/>

- Developed a front-end website to showcase a guide to greener feature,goal and singapore poly services
- HTML,CSS & Bootstrap
- Tic-Tae-Toe games feature implemented with vanilla JS

#### Food Waste Reduction Application Design

Demo - <https://www.figma.com/file/V9XxLDc5ChPrVGK8vkBYaf?locale=en&type=design>

- collaborated with my team to design and implement multiple web pages for seamless user experience on mobile and web platforms using Figma.
- Refined the application through user interviews for improved usability. Emphasized interactive design to engage users and raise awareness on reducing food waste.

#### Github Profile Finder

Github- <https://github.com/Oliver nha/github-profile>

- Create a front-endapplication for finding github users. Focused on user interfaces,and github public API
- Vuejs,Nodejs,Pinia
- Github API

## Experience

### Software Developer Intern

Tuas Power Generation Pte Ltd

Apr 2025 – Feb 2026

- Co-developed and deployed scalable enterprise web features, leveraging modular frontend frameworks (Vue.js/React) integrated smoothly with secure Node.js and FastAPI backend infrastructure
- Architected robust RESTful API endpoints and structured database schemas utilizing MongoDB and relational setups, ensuring highly optimal data storage, retrieval, and presentation-tier efficiency
- Operated efficiently within a collaborative, Jira-managed Agile team; utilized modern Git branching workflows, performed technical documentation, and executed automated testing protocols to guarantee code reliability.

### Full-Stack Web Developer Projects

2023 – Present

- Developed full-stack web applications using React.js, Next.js, Node.js, and Express.js
- Built SPA and SSR applications with responsive and user-friendly interfaces
- Implemented authentication, authorization, and database integration features
- Worked with MongoDB, MySQL, and PostgreSQL for backend data management
- Used React Hooks, functional components, and component lifecycle concepts in frontend development
- Created RESTful APIs and integrated frontend-backend communication
- Practiced version control and collaboration using Git and GitHub
- Designed and deployed personal projects for portfolio and learning purposes
- Applied problem-solving and debugging skills to improve application performance

### Barista / Service Crew

Rise Restaurant, Marina Bay Sands, Singapore

Jul 2023 – 2025

- Prepared and served coffee and beverages
- Maintained cleanliness of work areas
- Worked collaboratively with team members

To Whom It May Concern

**Eligibility for S Pass**

NAY HTET AUNG (M0138504J) has graduated from Singapore Polytechnic and has a Ministry of Education (MOE) bond obligation to serve in Singapore.

This letter serves to inform you that the Singapore Government will exercise flexibility in the assessment of the S Pass application of NAY HTET AUNG. You should also use the Self-Assessment Tool on the Ministry of Manpower's website for an indicative assessment on whether the applicant qualifies for an S Pass. If your company finds this graduate suitable for a position and makes an S Pass application to the Ministry of Manpower (MOM), the necessary work pass arrangements will be facilitated after receiving your submitted application. This is subject to the qualifying notes overleaf (as attached), which includes complying with the Fair Consideration Framework.

This letter is supported by the Ministry of Manpower and is valid for 12 months from the date of graduation or date of issue, whichever is later.

You may email Singapore Polytechnic at [contactus@sp.edu.sg](mailto:contactus@sp.edu.sg) for clarifications.

Thank you.

Yours sincerely

Admissions Office

Singapore Polytechnic

**DEPARTMENT OF ACADEMIC SERVICES**

Singapore Polytechnic  
500 Dover Road Singapore 139651  
tel: (65) 6775 1133  
[www.sp.edu.sg](http://www.sp.edu.sg)

**Qualifying notes:**

1. The applicant named overleaf is eligible to apply for an S Pass if he/she:
  - (a) secures full-time employment in a company of good standing in Singapore;
  - (b) submits an application for S Pass together with certified copies of educational certificates;
  - (c) is not on Government agencies' adverse record.
2. The employing company should ensure it has available mainstream quota and sub- quota to hire the applicant.
3. Professionals such as nurses, therapists etc. have to register with the relevant professional regulatory body before they are allowed to practise their profession in Singapore. Those who intend to practise their profession would have to seek registration before the S Pass is issued.
